

Margaret Haughey Master's Award Committee
Chair: Dr. Donald E. Scott

We had four excellent Master's theses submitted this year all were superior which made the work of the committee challenging and complex.

Our winner of the 2020 Margaret Haughey Master's Award is:

Dr. Maryam Yasinian, University of Saskatchewan for her thesis – *The role of self-efficacy in female post-secondary leadership*.

Congratulations to her supervisor: Dr. Dawn Wallin for her excellent supervision efforts.

Many thanks to the Margaret Haughey Award Master's Committee members for their fine efforts and time investment.
