

Where ideas work

**Ministry of Education  
Victoria**

**Mathematics Numeracy Coordinator  
\$68,530.07 - \$78,226.68 annually plus 3.3% Temporary Market Adjustment**

The Education Programs Division plays a central role in maintaining curriculum, classroom assessment, reporting and the ongoing assessment programs, as well as facilitating the transformation of BC's K-12 education system to support student success.

Mathematics and numeracy are foundational to the development of Provincial curriculum and assessments. The Mathematics and Numeracy Coordinator plays a key role in the design, implementation and maintenance of Mathematics curriculum and the development of numeracy-based assessments.

The BC Public Service is an award winning employer and offers employees competitive benefits, amazing learning opportunities and a chance to engage in rewarding work with exciting career development opportunities. For more information, please see [What We Offer](#).

The BC Public Service is an inclusive and accessible employer. Please advise the hiring manager if any accommodations are required to assist you to ensure equitable participation.

**Qualifications for this role include:**

- Bachelor's degree in education or related field – Graduate degree may be preferred.
- Eligibility for a K-12 teaching Certificate of Qualification or equivalent combination of education (e.g., degree in curriculum/learning theory, educational measurement, or developmental psychology) and experience in an educational setting.
- Minimum of 3 years of recent experience teaching Mathematics in the K–12 education system, or equivalent experience working with teachers/educators.
- Experience developing and evaluating standards-based curriculum.
- Experience with developing and/or implementing Mathematics curriculum.
- Experience with large-scale test construction and/or assessment design.
- Experience designing and implementing Kindergarten to Grade 12 provincial curriculum standards and classroom assessment.
- Experience conducting research, analysing findings and presenting recommendations to stakeholders and senior management.
- Experience in managing, planning, organizing and supervising complex large-scale projects.
- Experience working on developing content for project-related service contracts to achieve business goals.
- Experience selecting, managing and leading professional teams comprised of educational stakeholders.
