**Literacy Assessment and Curriculum Coordinator
\$69,900.80 - \$79,791.25 annually (plus 3.3% Temporary Market Adjustment)**

The Education Programs Division plays a central role in facilitating the renewal and transformation of BC's K-12 education system through personalized learning. We exemplify personalized learning principles (e.g., cooperation, creativity, innovation, social responsibility) in our work and in how we engage with others. The Branch's ongoing areas of responsibility include: Curriculum, Graduation Program Assessments, Foundation Skills Assessments, Classroom Assessment, and National/International Assessments.

Assessment: To coordinate, develop and manage the Provincial Grade 10 and 12 Literacy Assessments. Overseeing the design and ongoing development of the Graduation Literacy Assessments, ensuring provincial standards and sound principles of large-scale assessment align with the directions of curriculum and other key areas of education in the Province. Provide direction and support to other essential assessment areas, including classroom assessment and national/international assessments.

Curriculum: To support new strategic directions for the implementation of K-12 provincial curriculum frameworks and programs, based on a thorough knowledge of current pedagogy, emerging technologies, government strategic directions, as well as jurisdictional and academic research. Supports the development and implementation of K-12 BC provincial curriculum and system-wide content standards, including curricular support material. Consults and collaborates with educators in the system to develop, pilot, validate and implement curricular frameworks and programs.

Qualifications for this role include:

- Bachelor's degree in education or related field – Graduate degree preferred.
- Eligible for certification through the Ministry of Education Teacher Regulation Branch and/or have completed graduate work in an education related field is preferred.
- Minimum of 3 years of recent experience teaching in the K–12 education system, or equivalent experience working with teachers/educators.
- Experience with large-scale test construction and/or assessment design.
- Experience designing and implementing Kindergarten to Grade 12 provincial curriculum standards and classroom assessment.
- Experience conducting research, analysing findings and presenting recommendations to stakeholders and senior management.
- Experience in managing, planning, organizing and supervising complex large-scale projects.
- Experience working on developing content for project-related service contracts to achieve business goals.
- Experience selecting, managing and leading professional teams comprised of educational stakeholders.
