**Faculty of Education - Tenured and Tenure-Track Faculty - Assistant Professor - STEAM Education**

**Job Description**

**Faculty of Education**

**Position Title**: Assistant Professor – STEAM Education

**Appointment Type**: Full-Time Continuing

**Posting Date**: January 24, 2020

**Application Review Date**: February 28, 2020

Ontario Tech University (University of Ontario Institute of Technology), located in Oshawa, Ontario, advances the discovery and application of knowledge through a technology-enriched learning environment and innovative programs responsive to the needs of students, and the evolving 21st-century workplace. Ontario Tech promotes social engagement, fosters critical thinking, and integrates outcomes-based learning experiences inside and outside the classroom. We invite you to consider joining Ontario Tech's globally trained faculty as we further our reputation for providing a leading-edge learning environment and delivering innovative research.

The Faculty of Education invites applications, from qualified individuals, for a tenure-track or tenured position in STEAM Education at the Assistant Professor level. This position is subject to budgetary approval, and would start on July 1, 2020.

The successful candidate will be expected to conduct active and innovative research programs and to teach at the undergraduate and graduate levels. Ontario Tech is a technology-enhanced learning environment and the candidate shall be expected to have skills in the integration of technology into teaching and to model those skills in their own teaching in the University's web-centric and mobile learning environment. Applicants should possess a Ph.D. with a research focus in, or related to, STEAM education; a strong academic background; and an established record of excellence in innovative and scholarly research leading to peer assessed publications. Candidates must also demonstrate strong potential for outstanding teaching contributions.  In addition, candidates should possess excellent English language skills demonstrating an ability to ensure strong, two-way communications on an ongoing basis that contribute to collaborative/collegial relationships  with faculty, staff, students, and the community at large.

Candidates have, or should be in the process of developing, an active program of empirical research and must demonstrate strong promise to develop an original, innovative, externally-funded research program, either individually or in collaboration with other faculty members. Current areas of research in the Faculty of Education can be reviewed at Researcher Profiles.

The successful candidate will be expected to follow a 40% Research, 40% Teaching and 20% Service workload each year.

The Faculty of Education at Ontario Tech University has four main programs:

- Bachelor of Education (face-to-face & online),
- Bachelor of Arts in Educational Studies and Digital Technology (online),
- Masters of Education/Arts (online), and
- TESOL (online)

This position falls within the bargaining unit represented by the UOIT Faculty Association and will be subject to the terms and conditions of the collective agreement between the University and the UOIT Faculty Association. The collective agreement may be found on the Human Resources section of our website. Starting salary will be commensurate with experience and annual salary increases are administered as per the terms outlined in the tenured and tenure track collective agreement.

Review of applications will begin on February 28, 2020 and will continue until a suitable candidate is found. Applicants should submit in electronic format a covering letter; a curriculum vitae including a list of publications; a statement of teaching interests/experience; an outline of their present research program; a brief future research plan; and the names of three referees through the Ontario Tech website.

Ontario Tech University is an equal opportunity employer and welcomes applications from all qualified candidates, while especially encouraging applications from women, members of visible minorities, Indigenous peoples, persons with disabilities, and persons of any sexual orientation, gender identity, and gender expression. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Ontario Tech University respects people's different needs and therefore will take all reasonable steps to ensure accommodation for applicants where appropriate. If you require an accommodation to participate in the recruitment process, please notify the Human Resources Department.

**Job Location**
Oshawa, Ontario, Canada
**Expected Start Date**
7/1/2020
**Salary Grade**

Administered in accordance with the Collective Agreement
