

Where ideas work

**Ministry of Education and Childcare
Vancouver or Victoria, BC (Hybrid)**

Flexible work options are available; this position may be able to work up to 3 days at home per week subject to an approved telework agreement.

**Provincial Assessment Numeracy Coordinator
\$83,313.83 - \$95,028.45 annually, which includes a 3.3% temporary market adjustment.**

The Student Learning Branch develops and manages programs that systematically gather information from a variety of sources to determine the extent to which B.C. students are achieving the knowledge, skills and understanding prescribed in the provincial curriculum.

The primary responsibility of this position is to oversee the design and ongoing development of Provincial Numeracy assessments, ensuring provincial standards and sound principles of large-scale assessment align with the direction of curriculum and other key areas of education in the province. This includes numeracy assessment specification development, item writing, field testing, establishing scoring standards and resources, test preparation, reviews and final production.

Qualifications for this role include:

- Bachelor's degree in education (B.Ed.) or a related field.
- Minimum of three (3) years recent experience teaching in the K-12 education system or working with teachers and other educators.
- Experience developing and implementing assessments.
- Experience teaching and assessing numeracy.
- Experience with test construction, measurement theories and/or assessment design.
- Experience in managing, planning and organizing complex, large-scale projects.
- Experience in managing and leading professional teams comprised of educational stakeholders.

Preference may be given to candidates with:

- Eligibility for certification through the Ministry of Education and Childcare Teacher Regulation Branch.
- Master's degree or higher in Education or related field.
- Experience researching assessment theory, policy and jurisdictional trends; analyzing findings and presenting recommendations to executive.
- Experience with classroom technology instruction such as student mobile devices, social media and/or virtual learning environments.
- Experience speaking and writing French.
